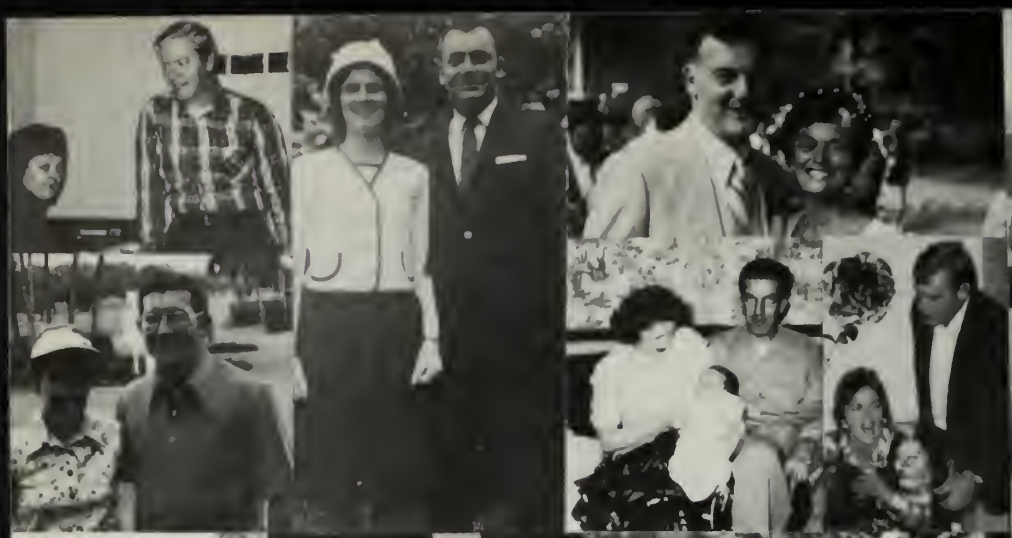
Cohasset, Massachusetts

"Tree of Knowledge"; wisdom passed on by others; now as the Class of 1980 it is our turn...

– Susan Buckley



When trying to find likely candidates for this dedication, we have, as in past years, thought of many teachers and citizens. After all, these people helped us to overcome the many obstacles that have confronted us in the past four years; and, for this, our sincere thanks and appreciation can be fully expressed. However, we would like to take this time and space to recognize a special group of people who have taken the time and space of their lives to make our lives all the more meaningful.

Their constant attentio and devotion has enabled us to overcome the obstacles of the past eighteen years. They have seen us from baby bottles to spin the bottle to beer

bottles and still they will continue to guide us. When looking back at all the misunderstandings and conflicts, we realize now, as young adults, that even the worst can turn out for the best. They have taught us everything from riding a bike to driving a car, but most of all they have taught us to respect ourselves and appreciate those around us.

Life is a series of givings and takings. Today, we would like to give something special to our parents.

Yes, we dedicate our yearbook to you —

" 'Twas the night before the yearbook deadline and all through the school not a cropper was idle and the work was so cruel.
All the pages were planned with the utmost care in hopes that with you they soon could be shared.
The staff was all frantic; as busy as could be with visions of a finished yearbook being all that they could see.
And Rayna with her candids and Ellen her pages, they all settled down for what seemed like ages
Then there arose such a clatter we sprang from our seats to see what was the matter
When what to our bleary eyes should appear but a station wagon speeding into 5th gear with a little old driver so lively and quick, we knew in a moment, it must be . . . Mrs. Wunschel?
We said not a word and got straight back to work for fear Mrs. Wunschel would call us all jerks.
Then sealing and stamping and taping the box we turned our heads to look at our clocks.
When at last we were done and we sighed in relief and to the Class of '81 we leave you all the grief.

# A Decade in the Life

"The little world of childhood with its familiar surroundings is a model of the greater world," once said the psychologist Carl Jung. Indeed, anyone who has followed the career of the Class of '80 over the past ten years would be quick to agree. Beginning with the third grade, all the way through to graduation from Cohasset High, the actions and activities of this small group have closely paralleled those of the "real" world. Remember? . . .

In 1970, the era of the '60's was just ending. America began to settle down in the wake of the Vietnam moratorium and the Kent State Massacre. Meanwhile, at Deer Hill, earnest third-grade flutophonists, perhaps inspired by Woodstock, tooted madly to produce "Windy" and other classics. At the same time, their Joseph Osgood counterparts engaged in prolonged chases during recess, much as the police were chasing mass-murderer Charles Manson. It was already evident that this class would distinguish itself in years to come.

1971

Fourth grade was our introduction to world culture. At the same time as President Nixon was visiting China, we studied Brazil, Ancient Egypt, and Switzerland. But 1972 grew discouraging: George Wallace was shot, *Life* folded, and Watergate darkened the country. So it was that we entered fifth grade with some apprehension and self-consciousness.

In fact, fifth grade was when we all discovered our own talents: Nancy Laue's story, Doug Dillon's fashion shows, the class car wash, Activity Groups, and our free period crafts. However, we continued to interact with the "real" world, with Outdoor School for four days (just after DDT was banned), banking in school (coinciding with the devaluation of the dollar); and who can forget Sex Ed with Mrs. McArdle (abortion having just been legalized)?

1972

The school year of 1973-1974 was a special one for us, because we were at last *seniors,* preparing to graduate from Deer Hill. Accordingly, our anticipation mounted through the year, while we paid close attention to current events. So as Skylab 3 orbited the earth on its record 84-day flight that winter, we busied ourselves with science projects of our own, culminating in the Science Fair. (Remember those cute little salmon, herring gulls, seals, and baboons?) And while Patty Hearst was running around with the SLA, while Alexander Solzhenitsyn was being run out of the U.S.S.R. and Richard Nixon got ready to run away from office, we were doing our own running, in the talent show ("The Streak") and in Olympic Day — Mr. Levine's "Greece" naturally emerging victorious.

The highest point of the entire year was, of course, graduation. As we received our diplomas, and John Ayer and Yoanna Zotos their S-A-C awards, and while we patted ourselves on the back, we looked forward with some trepidation. What would life in the mysterious and hallowed halls of the High School bring? We could only guess.

So, in September we advanced to the seventh grade. And lo and behold, the place wasn't so bad after all. In fact, we adjusted quickly, and soon proved our ability to cope by studying independently in ISCS and OLU. And just as Muhammed Ali won back his world heavyweight championship, we displayed our athletic ability in a field day complete with pie-eating, a three-legged race, and track and field events.

# 1975

Eighth grade was, for us, just as uncomplicated. Prompted by *The Merchant of Venice,* we held a magazine drive which netted us a sizable amount of capital, Lance Norris being the most successful. In this way we avoided the near-bankruptcy which plagued New York City in October of 1975. Then, early in 1976 was a time of scares: swine flu, the Concorde, Legionnaire's Disease, and the approval of the death penalty. And in Cohasset, one additonal scare kept the students in awe: a dominating, even terrifying social studies teacher.

By the middle of 1976, the class of '80 had assumed, for the most part, its present-day shape. The notorious Jason Harris and the belligerent Michael Sabini (poor Miss Chiminello!) had left, but were replaced by an equally infamous limey. And thus strengthened, we marched toward the challenges of ninth-grade life. While Vikings I and II examined Mars, we explored the world of the Egyptians, Hebrews, Greeks and Romans. As Jimmy Carter became President, we became counselors at Camp Wing. Finally our studies of SVM, the pattern paragraph, and *Julius Caesar,* seemed as enjoyable as the saccharine and B-1 bombers being banned at that time. Even Renaissance Day in May of 1977 was a costumed production rivaling *Star Wars,* released just about then.

# 1976

Tenth grade, with the menace of the Green Pen, now loomed. As we studied immigration, an Egyptian president visited an Israeli prime minister. The Nixon memoirs came out at the same time as our research papers. Huck Finn's Mississippi River reminded us of Ronald Reagan's Panama Canal. And the nostalgia generated by *Animal House* also appeared in our '50's sock-hop, particularly in David McCarthy's costume.

The year of 1978-1979 looked more promising. Success increased in soccer, basketball, and drama, just as on board the Double Eagle II. But it was also a time of numerical difficulties: 14-12, "80", 900+.

Thus we arrived at our Senior year. A feeling of general self-confidence, based on victories over Skylab, the Iranian crisis, and Hurricane David took hold. The result: the stunning successes of, among other things, the Class Play and the Powderpuff game. We would remain calm and confident right up to Graduation.

1978

1979

And where from here? As each of us gradually takes up a position in the adult world, we will undoubtedly continue to mirror the attitudes and changes of that world. For we have never failed to act sympathetically with the world, and the importance we have in it grows even larger.

In twenty years, the Class of '80 will *be* the world. At that time we will be expected to control the life we now so faithfully mimic. Our success will depend on only one factor: how well we have been able to imitate the adult world while still in school. The shaping of destiny will be in our hands alone . . . in the future.

Come to see, victory in a land called fantasy, loving life, for you and me to behold, to your soul is ecstacy
You will find, other kind, that has been in search of you many lives has brought you to, recognize it's your life now in review —
And, as you stay, for the play, fantasy has in store for you a glowing light will see you Through —
It's your day, shining day — all your dreams come true.
As you glide, in your stride with the wind as you fly away give a smile from your lips, and say —
I am free, Yes I'm free now I'm on my way.

## Cross Country

Coach O'Neil
Captains Benbow and Kearney

The Boys Cross Country Team finished with a very impressive record of 6 wins and 2 losses. By beating every team in the South Shore League except Middleboro and Duxbury, the boys posted a well respected third behind two of the state's best teams. New training techniques imposed by Coach O'Neil and a group of dedicated runners led to this winning season. S.B.

## Football

Coach Leone
Captains McNeill and Young

The Varsity Football Team finished with a 2 win 7 loss record in their 1979 season. This team met a new coach and a new feeling of pride and enthusiasm during this season. Certainly, their record does not reflect the dedication and the patience of the Cohasset Football Team. Good luck to Coach Leone and the football squad of 1980. R.Y.

## Girls Soccer

Coach Brennan
Captains O'Brian and Johnson

The School Committee approved the request for a girls soccer team in the Spring of 1979. Soon, Girls Soccer was on its way! Forty-six girls tried out and split into Varsity and J.V. teams coached by Mr. Brennan and Miss Keenan. The team lacked experience but the amount of spirit and enthusiasm made up for it. Captains Erin, Sandy, Lorraine, and Heidi wish the team the best of luck in the future. E.O.B.

## Field Hockey

Coach Newhall
Captains Whitlow and Brown

The 1979 Varsity Field Hockey record does not reflect on the team's spirit, enthusiasm, and dedication. Led by Captains Linda Whitlow and Heidi Brown, with the All Star cast of Ellen McCarthy and Janet England, the outlook for the team was optimistic. Although a chain of defeats hung over their heads throughout the season, the team was not discouraged and proved their ability by tying undefeated Duxbury. Good luck to the Field Hockey Team of 1980. L.W.

## Boys Soccer

Coach Mundhenk
Captains Langford and Tye

The Varsity Soccer's record of 5-4-3 reflects the injury prone season that the team had. Coach Mundhenk moved up from the J.V. team to guide the varsity team to a winning season. The team had plenty of depth and should be very successful in the years to come. C.L.

## Cheering

Captains Golden and McCool
Captains Esposito and Moore

This year the cheering squads began with two new coaches, Mrs. McCool and Mrs. Fichtner. Varsity Football, with Captains C. Golden and S. McCool and Varsity Soccer with Captains K. Moore and T. Esposito had great seasons. The two squads had lots of fun cheering CHS on to their many victories.

# WINTER SPORTS

## Hockey

Coach MacDermott
Captains Dillon and McCullough

Plagued with a slow start, several untimely injuries and strained coach-player relationships, the Varsity Hockey Team never really got off the ground. Dropping 1 goal games to Hull, E.B., Abington, the Skippers missed going to the State Tournament by one point. But this year's team leaves behind an awesome group of Freshmen and Sophomores who should carry Cohasset Hockey for years to come. R.Y.

## Boys Basketball

Coach Hogan
Captains McCarthy, Goff and Taylor

The Boys Basketball Team, with a record of 8-2 after the first half of the season, was looking forward to a state tourney berth. But, things soon fell apart and the team finished with a 12-8 record. Leaving seniors this year are S. Baden, J. O'Brien, J. McCarthy, M. Goff, and B. Taylor. B.T.

## Girls Basketball

Coach Brennan
Captains Sandblom and McCarthy

Despite a new coach, 4 returning starters and a very talented bench, the Girls Varsity Basketball Team could only manage a 4-12 record. Although the Skippers lost a few close games, they showed their talent by beating Duxbury in their last game. The team, which loses Co-captains McCarthy and J. Sandblom, L. Carroll and J. Rosano, leaves behind a group of enthusiastic underclassmen. Loomas 1, 2, and 4 and Gool wish them the best of luck next year. J.S.

## Wrestling

Coach Leone
Captain Langford

The Wrestling Team's record does not reflect the work that was put into the season. This year's team was a very young team with four first year wrestlers on the starting squad. For the first time, Cohasset was represented in the State Tourney by T. Sweeney who placed eleventh in his weight class. Coach Leone is building a team which should be highly respected in the years to come. C.L.

## Gymnastics

Coach Hayes
Captains England and Durkin

This year's Gymnastics Team, which was comprised mainly of underclassmen, placed second overall in the league with a record of 8-3. Led by co-captains J. England and L. Durkin, the team did an outstanding job against undefeated Hanover and should dominate the league in years to come. J.E.

## Cheering

Captains Hallum and Conway
Captains McCool and Igo

The Varsity Squads were led by C. Conway and C. Hallum for Hockey; S. McCool and D. Igo for Basketball. Special thanks to Mrs. Fichtner and Mrs. (Bubbles) McCool and their #1 chaperone, Mrs. Ditmar, for all their time and patience throughout the season. It's been a great year and on behalf of the Seniors — It's been a PARTY!!!
